

The Calvary Connection

FROM THE HEAD OF SCHOOL

Hello Calvary Community! It is great to be back together in 2022!

Looking into 2022, while reflecting on 2021, it seems appropriate to say ***Thank YOU*** – *thank you for your resilience, your hard work, your dedication, and for your trust in the Calvary Community.* You are truly valued and appreciated here.

As many of us know, the enrollment season is upon us! Priority enrollment/re-enrollment began on February 1st and ends February 14th.

This year, Calvary leadership is thrilled to share our new referral bonus program for families and staff. Beginning in 2022, CES will now offer a \$500 referral bonus to current families for new students who are referred and enrolled.

For the referral program, a new student is defined as a family who has never attended CES in the past. This referral bonus is also available to CES staff members.

The CES application for enrollment of new students will include a section for referring families or staff to be named.

CES staff members will be paid through regular payroll. Families paying annually have the option to receive a check or an account credit. Families paying monthly will receive an account credit.

For additional enrollment information, please contact admin@calvaryschool.net or headofschool@calvaryschool.net.

April 18th - Easter Monday, holiday

April 29th – Spring Fling

A LOOK BEHIND THE SCENES

Like Us on Facebook ❤️...

Ever wonder what your child(ren)'s school day is like? Would you like to take a look inside your child's day, or see the other amazing things that are happening around school?

If so, *Like us* and *Follow us*, *Calvary Episcopal School* on Facebook and Instagram. See and share what is going on in your child's day-to-day activities.

Doing so is a great way to help grow our school community, but more importantly, it gives parents insight to the wonderful things our child(ren) are learning and putting into practice at school.

Our Calvary students are so great at "...*giving light to the world*" and them doing so is captured in our social media posts throughout the year. From food drive collections, classroom science experiments, and even fundraising celebrations, our team does our best to keep our community engaged and informed.

Happy Following!
